

Morris-Turnberry Accessibility:

Service Disruption:

1. If, in order to obtain, use or benefit from a provider's goods or services, persons with disabilities usually use particular facilities or services of the provider (for example, elevators) and if there is a temporary disruption in those facilities or services in whole or in part, the Municipality of Morris-Turnberry shall give notice of the disruption to the public.
2. Notice of the disruption must include information about the reason for the disruption, its anticipated duration and a description of alternate facilities or services, if any, that are available.
3. Notice will be given by posting the information at a conspicuous place on premises owned or operated by the provider of goods or services, as well as by posting it on the Municipality of Morris-Turnberry website.
4. If the Municipality of Morris-Turnberry Website should expect a temporary service disruption, advance notice where possible, keeping with the conditions of section 9, shall be provided on the website.
